

President's Report
EASTERN MICHIGAN UNIVERSITY
Board of Regents Meeting
Feb. 13, 2020

Mr. Chairman and Distinguished Members of the Board of Regents:

It is my distinct honor to share with you, and with the entire Eastern Michigan University community, some of the important developments that are taking place at the University.

We are one month into the new year of 2020, and the start of a new decade. It is good time for us to look ahead – to look to the future.

By the end of this year, we will have a new Sill Hall, home of the College of Engineering and Technology.

We will have a revitalized REC/IM – a complete overhaul and facelift to this vital campus and student-oriented building.

And, in just one month from now, we will have a new, expanded home for Counseling and Psychological Services and the Psychology Clinic in the new Campus Wellness Center. A ribbon-cutting event is scheduled for Thursday, March 12 at 4 p.m.

These are transformative projects, and follow last year's opening of Strong Hall and the new IHA Health Center at EMU.

While these projects are important for Eastern in the short term – they are even more important in the long term. With your help, we are, together, shaping the future of the University in a positive way for decades to come.

And, while we continue to improve the bricks and mortar of our facilities, it is the academic and student success that drives Eastern's overall impact in our community, our state, our nation and globally.

Examples of that success can be seen in the work of our Moot Court team and the national championship we celebrated just a few moments ago. Our outstanding students, led by outstanding faculty, achieved a level of national recognition that has excited the entire Eastern Michigan University community.

Other recent examples of our high quality academics include:

Brittany Venglarcik, a master's graduate student of Polymers and Coatings Technology, has been selected to receive a FOCUS (Future of Coatings Under Study) Research Scholarship of \$7,500 for the 2019-2020 school year. The [scholarship is awarded by the Detroit Society for Coatings Technology](#), a regional professional society of leading automotive executives, coating materials and equipment suppliers, consultants, entrepreneurs and academics.

The [National Oceanic and Atmospheric Administration](#) is featuring the work of Education Professor Ethan Lowenstein, a national leader in the place-based education movement. The New York Times, The Detroit News, and other news media have covered the work of the SEMIS Coalition, which he leads.

Mary-Elizabeth Murphy, an associate professor of history and women and gender studies, has been named the [inaugural recipient of a social justice fellowship](#) funded by longtime EMU supporters Kirk and Sharon Profit. The fellowship enables Murphy to conduct research on her book project: “Before the Freedom Riders: African Americans, Bus Companies, and Black Protest Politics.”

Dean Dana Heller of the College of Arts and Sciences [has been appointed to the board of jurors for the Peabody Awards](#), bestowed each year for excellence in television, radio and digital media. The jurors are made up of media industry professionals, media scholars, critics and journalists. Dean Heller is a professor of cultural studies.

Dr. Eric Portenga, Assistant Professor, Geography and Geology, was awarded a \$221,014 grant from the National Science Foundation for his project studying the effects on wildlife of fires in the mountains of Santa Monica, California.

Fourteen faculty members are first to receive funding from the [GameAbove Faculty First \\$2 million gift](#) to support faculty research and professional development. A variety of initiatives have been funded, totaling nearly \$50,000. Faculty can submit funding applications at the [GameAbove Faculty Professional Development and Innovation Fund webpage](#).

[GameAbove](#) is a diverse group of passionate Eastern alumni who desire to give back to the University through supporting campus initiatives focused on research, entrepreneurship and innovation. Since November, the group has donated more than \$13 million to academic, student support and athletic programs.

Our celebration of Black History Month kicked off with a successful Black Leadership Summit on January 29, hosted by the EMU Black Student Union. The remainder of the month’s events can be found on the University calendar.

On March 20, we will kick off the Week of Excellence, beginning with the Graduate Research Conference and culminating with the 40th annual Undergraduate Symposium on Friday, March 27. The week of activities are a true celebration of all that Eastern Michigan stands for - high quality academics and outstanding student-faculty interaction and mentorship.

Other accomplishments are listed in the appendix to this report on and the University website.

Thank you, Chairman Webb.

James M. Smith, Ph.D.
President
