## Background

36-pt font
States background and provides rationale for study
Use pertinent literature to situate the research

## Methods

36-pt font
Provides statement on type of research and overviews design components

Includes participant information (maintain confidentiality) and procedures for study

Bullet points recommended
Images, tables or charts may be useful

## Results or Findings

![Image](image1.png)

**Description of Figure 1**

![Image](image2.png)

**Description of Figure 2**

![Image](image3.png)

**Description of Figure 3**

## Discussion

36-pt font
Offers interpretation of research or new knowledge

Note that Results/Findings section is intended to state results, while the Discussion section is intended to interpret the findings/results of the study

Subheadings, bullets, additional literature, etc. may be used as applicable to communicating the interpretation of the study

## Conclusion

36-pt font
Offers brief summary/conclusion of research; typically a few sentences

No new knowledge should be presented in the conclusion section

Optional section

## Future Directions

36-pt font
Offers brief suggestions for future research when applicable – typically 2-3 sentences

Optional section

## Acknowledgements

20-pt font or slightly smaller acceptable

Expresses gratitude toward parties that provided support (e.g., funders, advisors, participants, etc.)

Be sure to maintain confidentiality if thanking participants

## References

20-pt font or slightly smaller acceptable

Can be numbered if numbered; references should follow order of appearance in poster

Use appropriate reference style for discipline (e.g., APA, MLA, etc.)
